Introduced by Assembly Member Ammiano

February 25, 2009

An act to add Section 102336 to the Health and Safety Code, and to amend Section 11174.8 of the Penal Code, relating to elder death review teams.

LEGISLATIVE COUNSEL'S DIGEST

AB 535, as amended, Ammiano. Elder-~~death~~ *death* review teams: information requests.

Existing law allows a county to establish an interagency elder death team to assist local agencies in identifying and reviewing suspicious elder deaths. Under existing law, the team may request specified information for their review, subject to prescribed confidentiality requirements.

This bill would allow the elder death team to request and obtain copies of certificates of death from the local registrar of births and deaths, subject to any fee requirements.

Under existing law, deaths are required to be registered with the local registrar of births and deaths in the district in which the death occurs. Existing law requires the State Department of Public Health to enforce the laws pertaining to vital records, including certificates of death. Existing law requires the department to implement an Internet-based electronic death registration system.

This bill would require the registrar of births and deaths in a county that elects to participate in the Internet-based electronic death registration system to provide specified information ~~in a report~~ to the

chair, cochair, or the agent of the chair or cochair upon request of a county death review team.

Vote: majority. Appropriation: no. Fiscal committee: yes.

State-mandated local program: no.
